

Proposal of the Board of Directors of Securitas AB for the implementation of an incentive scheme

Background and motives

For the past eleven years, the Annual General Meeting has adopted a share related incentive scheme for the Securitas Group. The Board notes that the program is now well established throughout the organization and is delivering the expected results. Since the implementation of the program in 2010, approximately 3,300 employees have received shares through the program. In keeping with the Board's communicated intention when the previous programs were proposed, the Board therefore proposes that a similar incentive scheme be adopted by the Annual General Meeting in 2021.

The motive for the proposal is the Board's intention to continue with the redesigned bonus structure to enable the Group to have Securitas' top managers as shareholders, thus strengthening the employee ownership in Securitas' future success and development to the benefit of all shareholders. The Board is of the opinion that these benefits may be achieved by continuing to provide a share related part in the existing performance-based cash bonus schemes. It is the assessment of the Board that the scheme will also increase the Group's attractiveness as an employer.

The proposal principally entails that 1/3 of any annual bonus earned under the performance-based cash bonus schemes would be converted into a right to receive shares, with delayed allotment and subject to continued employment. The implementation of the share-based incentive scheme in 2010, which has been renewed annually since then, was based on the then existing bonus structure of the Group. The vesting period is less than three years. Since the program replaces an immediate cash bonus pay-out and is not granted in addition to already existing bonus rights, the Board deems that the two-year period from the commencement of the program until the release of the shares is well motivated and reasonable in order to achieve the purpose of the program.

The detailed contents of the proposed incentive schemes are described below. In order to implement the scheme in an efficient and cost-effective way, it is also proposed that the Annual General Meeting approves that Securitas enter into a so-called swap agreement with a bank/third party.

In light of the proposed conditions, the contemplated size of the scheme and other circumstances, the Board is of the view that the proposed incentive scheme is well balanced and advantageous to Securitas and its shareholders.

The Board intends to recur with proposals for incentive schemes in accordance with the principles here proposed also before AGMs after 2021.

A. Incentive Scheme

The Board proposes that the Annual General Meeting resolves on the implementation of a share and cash bonus scheme in Securitas, in accordance with the following main principles (the "Incentive Scheme").

1. Approximately 2,500 employees will be included in the Incentive Scheme.
2. Employees participating in the Incentive Scheme will be entitled to receive a part of the yearly bonus in the form of shares in Securitas, provided that certain predetermined and measurable performance targets are met.
3. The principles established under the previous incentive scheme, shall continue to apply. The principles include clearly measurable, performance-based targets that are set as close to the local business as possible and aim for long term profitability of the Group. The performance targets vary depending on the position of the employee but

are as a principle based on year-on-year improvement of the operating result ("EBITA") in the area of responsibility. In principle all operative personnel at relevant levels in all regions also have targets based on improvement of cash flow. For the employees of the parent company, the performance is measured based on year-on-year improvement of earnings per share ("EPS"). The performance improvement compared to last year's actual, which is required to achieve maximum bonus, varies for different entities throughout the Group.

4. Provided that the applicable performance criteria are met, the annual bonus outcome will be determined at the outset of 2022 and will, subject to sections A5 and A6 below, be payable as follows.
 - (i) 2/3 of the bonus will be paid in cash at the outset of 2022; and
 - (ii) 1/3 of the bonus will be paid in shares of series B in Securitas AB (the "Bonus Shares") at the outset of 2023. The number of shares to which each participant will be entitled shall be determined by the ratio between the available bonus and the average share price at which the shares are purchased (such purchase to be made during the first quarter of 2022 in accordance with applicable regulations).
5. Distribution of Bonus Shares according to section 4 (ii) above will only occur if the total accrued bonus amounts to at least EUR 6,000. If the total bonus is less than EUR 6,000, the whole bonus amount will instead be paid out in cash at the outset of 2022 in accordance with section 4 (i) above.
6. Distribution of Bonus Shares according to section 4 (ii) above is conditioned upon the employee remaining employed by Securitas as of the last day of February of 2023, except where an employee has left his/her employment due to retirement, death or long term disability, in which case the employee shall have a continued right to receive Bonus Shares.
7. Prior to the distribution of Bonus Shares in accordance with section 4 (ii) above, the participants will neither be registered as shareholders nor have any shareholder rights (e.g. voting rights or rights to dividend) connected to the Bonus Shares. At distribution of the Bonus Shares in accordance with section 4 (ii) above, the employee shall however be entitled to additional shares up to a value corresponding to any dividend decided per share corresponding to the total number of Bonus Shares during the period from payment of the cash bonus in accordance with section 4 (i) until distribution of the Bonus Shares, adjusted to the closest number of whole shares that can be purchased for the dividend for each participant.
8. The number of Bonus Shares that can be received may be subject to recalculation due to share issues, splits, reverse splits and similar dispositions.
9. The Board shall be entitled to resolve on a reduction of the distribution of Bonus Shares if distribution in accordance with the above conditions – considering Securitas' result and financial position, other circumstances regarding the Group's development and the conditions on the stock market – would be clearly unreasonable.
10. Participation in the Incentive Scheme presumes that such participation is lawful and that such participation in Securitas' opinion can take place with reasonable administrative costs and economic efforts. The Board shall be entitled to implement an alternative incentive solution for employees in such countries where participation in the Incentive Scheme is not advisable, which alternative solution shall, as far as practically possible, correspond to the terms of the Incentive Scheme.

11. The Board shall be responsible for the particulars and the handling of the Incentive Scheme within the frame of the above principal guidelines and shall also be entitled to make such minor adjustments which may prove necessary due to legal or administrative circumstances.
12. Participants in the Incentive Scheme will not be entitled to participate in the LTI 2021/2023.

B. Costs of the Incentive Scheme. Hedging measures

Except for costs related to the swap agreement, as described below, the Incentive Scheme is not expected to cause any costs in addition to already existing costs related to the existing bonus programs.

Similar to previous years, it is proposed that the financial exposure of the Incentive Scheme be hedged by the entry of Securitas into a share swap agreement with a third party, whereby the third party in its own name shall acquire and transfer shares in the company to employees participating in the scheme. The cost for the swap is estimated at SEK 700,000 assuming the same bonus amount as last year.

The proposals according to (A) and (B) above shall be adopted as one single resolution and must be supported by shareholders representing more than half of the votes cast, or, in case of equal voting, by the opinion supported by the Chairman of the AGM.

Quota of total number of shares and effects on important key ratios

The Incentive Scheme is estimated to comprise 1,100,000 shares (based on the outcome 2020 adjusted to present number of entitled employees and an estimated share price of SEK 145), which is equivalent to 0.3 per cent of the total number of issued shares and 0.21 per cent of the total number of votes in Securitas.

In view of the proposed swap agreement, there will be no impact on the earnings per share, other than the increased costs that the Incentive Scheme could cause.

Preparation of the proposal

The above proposal for the Incentive Scheme has been prepared by the Board and the Remuneration Committee in consultation with major shareholders. No senior executive, who may be included in the Incentive Scheme, has participated in decisions on the framing of the scheme.
