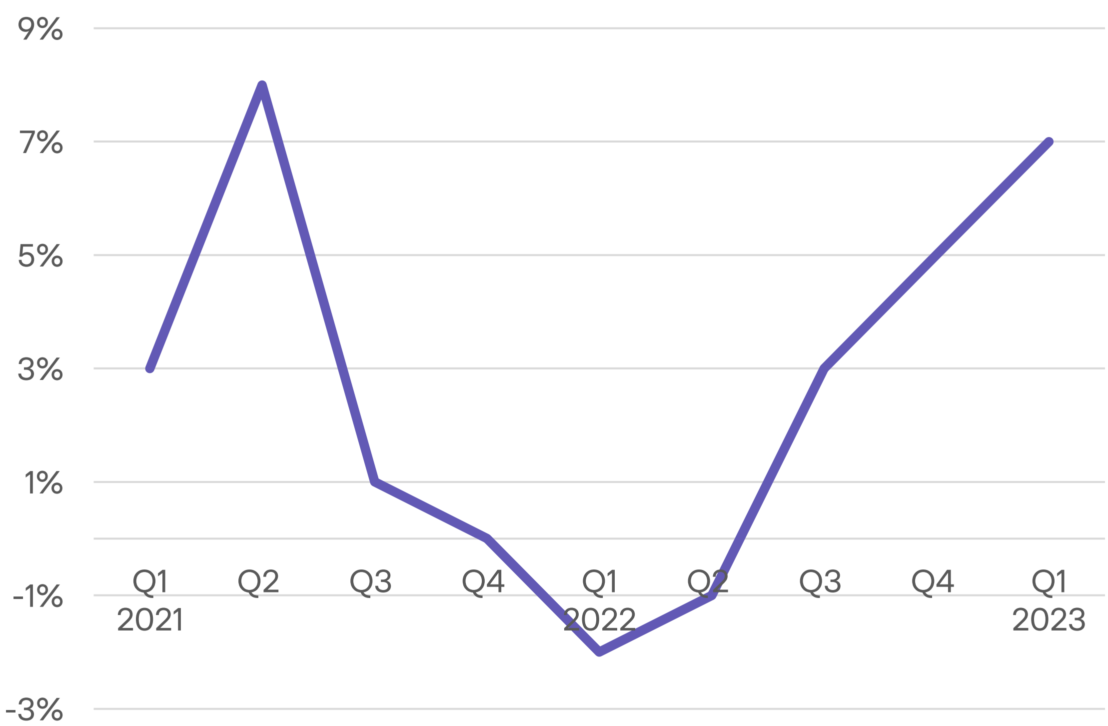
Securitas North America

Guarding business unit and price increases behind the growth improvement

Organic sales growth



Organic sales growth 7% (-2)

— Major client contract renewed and extended as well as successful price increase campaigns, and good commercial activity

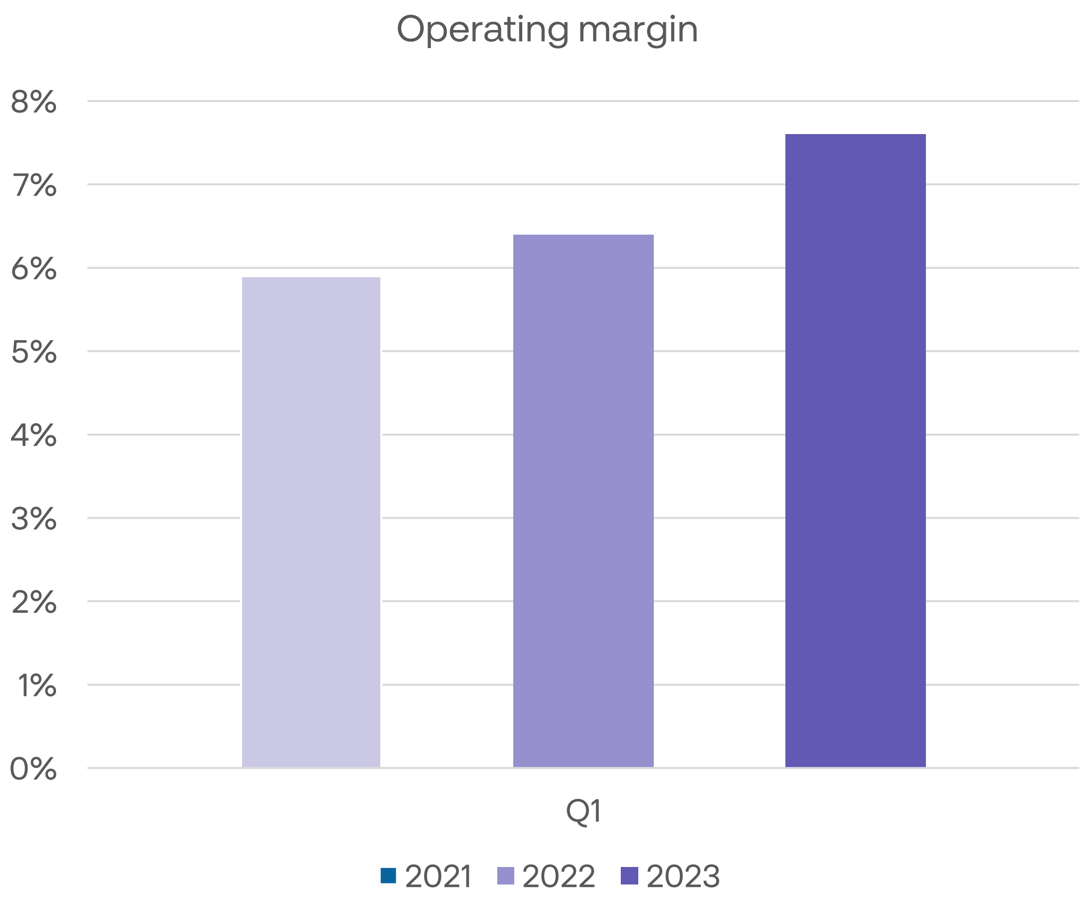
— Installation business improved with a continued healthy backlog

— Technology and solutions sales represented 31 percent (18) of total sales

— Client retention rate 85 percent (87)

Securitas North America

Technology and STANLEY Security behind margin uplift



Operating margin 7.6% (6.4)

- The development was driven by Technology including STANLEY Security
- The business unit Guarding improved with positive impacts from active portfolio management and leverage from the strong topline growth
- The operating margin improved also in Pinkerton

Securitas Europe

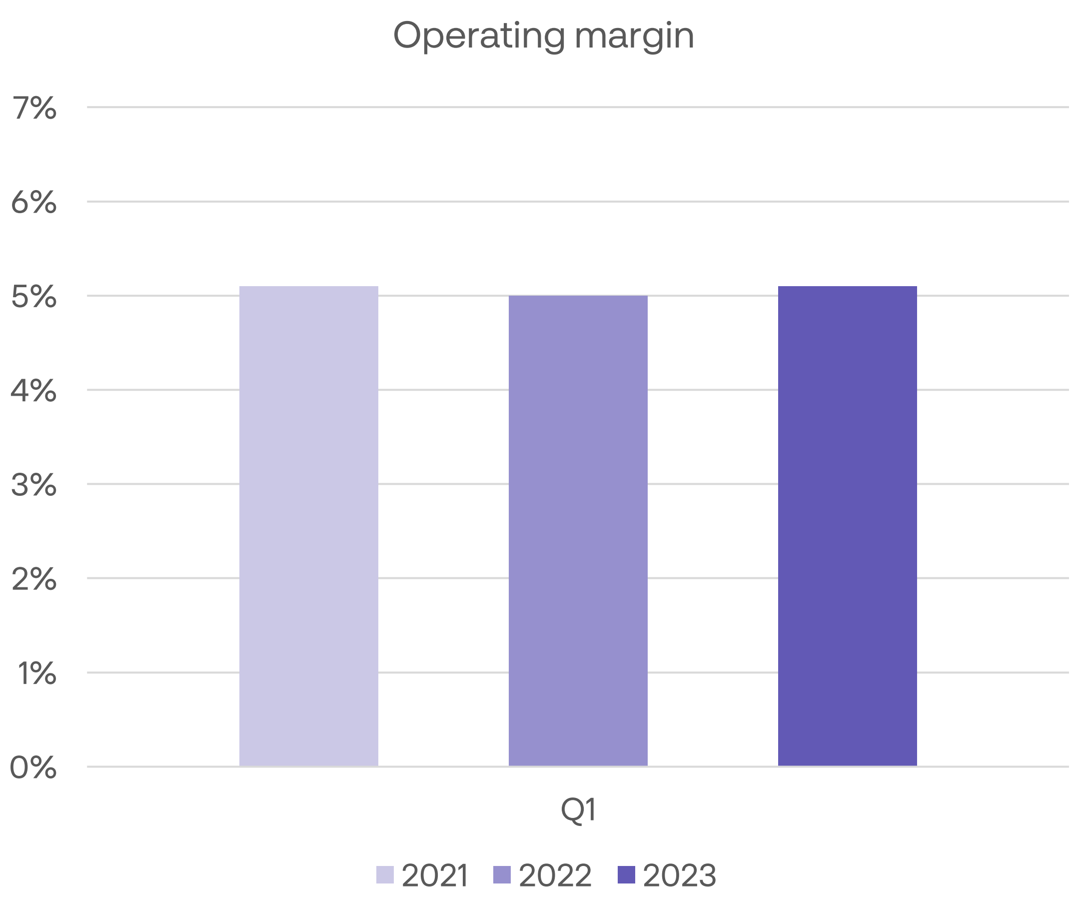
Organic growth driven by strong price increases

Organic sales growth 13% (8)

- Strong price increases supported organic sales growth including impacts from the hyperinflationary environment in Türkiye, and Aviation
- A positive portfolio development within solutions also contributed, as did increased installation sales
- Technology and solutions sales represented 33 percent (25) of total sales
- Client retention rate 91 percent (92)

Securitas Europe

Support from STANLEY Security, but hampered by costs from labor shortage



Operating margin 5.1% (5.0)

— The margin was supported by STANLEY Security and portfolio management

— Hampered by increased costs related to labor shortage, such as sub-contracting, start-up costs in Aviation and negative cost leverage

Securitas Ibero-America

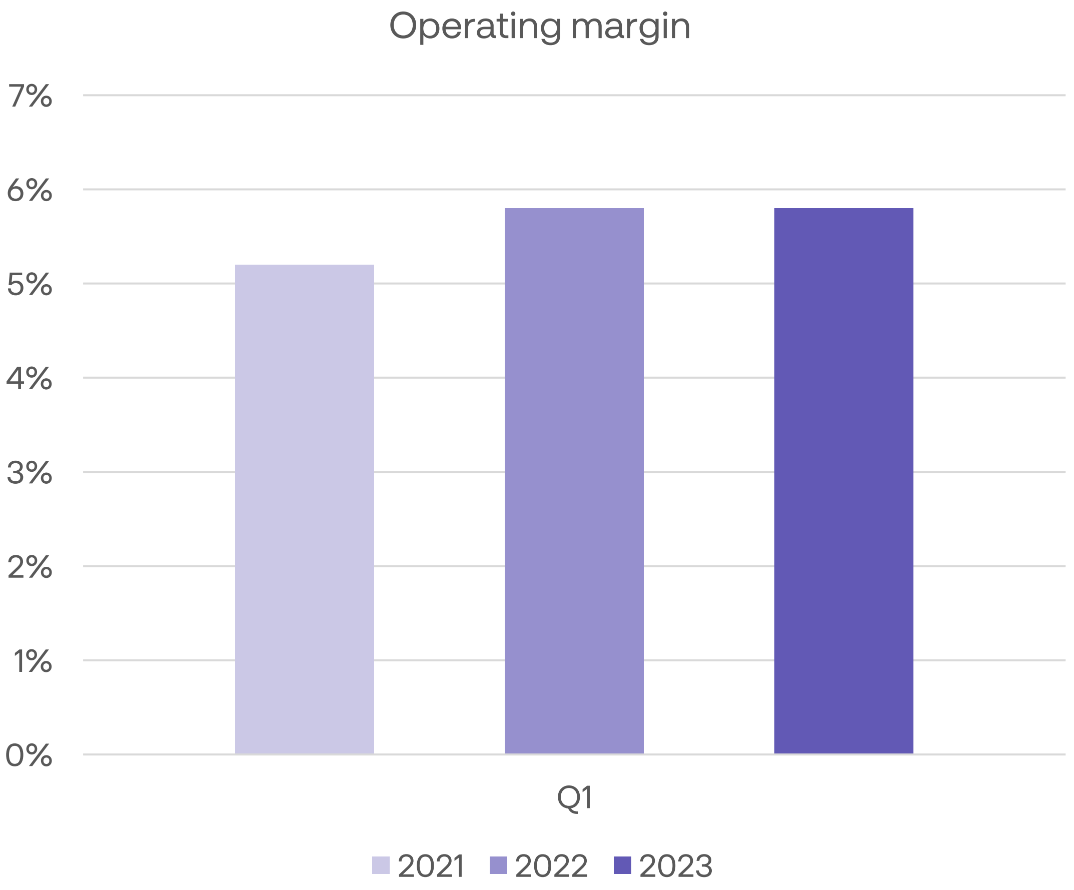
Organic sales growth fueled by price increases in Argentina

Organic sales growth 23% (12)

- Organic sales growth was driven by price increases in Argentina
- Organic sales growth in Spain was 6 percent (10) supported by price increases and improved installation sales
- Technology and solutions sales represented 31 percent (30) of total sales
- Client retention rate 91 percent (92)

Securitas Ibero-America

High margin technology and solutions sales supported the operating margin



Operating margin 5.8% (5.8)

- Good growth of technology and solutions sales supported, as did good portfolio management
- Increased wage pressure in Spain at the beginning of the year, expected to be improved throughout 2023
