The variable remuneration shall not be pension qualifying unless local regulations provide otherwise. The Board shall have the right to deviate from the guidelines in individual cases if there are particular grounds for such deviation.

Proposal for Incentive Scheme (item 16 on the agenda)

Background and motives

The AGM for 2010 and 2011 both adopted a share related incentive scheme for the Securitas group. Although it is still too early to finally evaluate the effects of the programs of the two previous years, the Board notes that the program has been well received throughout the organization and that the first release of shares in the 2010 incentive scheme has now taken place. In keeping with the Board's communicated intention when the 2010 and 2011 programs were proposed, the Board therefore proposes that a similar incentive scheme be adopted by the AGM in 2012.

The motive for the proposal is the Board's intention to continue with the redesigned bonus structure to enable the group to gradually have approximately 2,500 of Securitas top managers as shareholders, thus strengthening the employee ownership in Securitas' future success and development to the benefit of all shareholders. The Board is of the opinion that these benefits may be achieved by continuing to provide a share related part in the existing performance-based cash bonus schemes. It is the assessment of the Board that the scheme will also increase the group's attractiveness as an employer.

The proposal principally entails that 1/3 of any annual bonus earned under the performance based cash bonus schemes would be converted into a right to receive shares, with delayed allotment and subject to continued employment.

(a) Implementation of an incentive scheme

The Board proposes that the AGM resolves on a share and cash bonus scheme for 2012 in accordance with the following main principles (the "Incentive Scheme"). Approximately 2,500 Securitas employees now participating in the Securitas cash bonus schemes will participate in the Incentive Scheme and thereby be entitled to receive a part of the yearly bonus in the form of shares in Securitas, provided that certain predetermined and measurable performance targets, which currently apply under the cash bonus schemes, are met.

The principles already applicable under the existing share related incentive scheme, will continue to apply. The existing principles include clearly measurable, performance based targets that are set as close to the local business as possible and aim for long term profitability of the group. The performance targets vary depending on the position of the employee, but are as a principle based on year-on-year improvement of the operating result ("EBITA") in the area of responsibility. In some entities such principle could be in combination with organic sales growth compared to the previous year and as of 2012, in principle all operative personnel at relevant levels in all regions also have targets based on improvement of cash flow. For the employees of the parent company, the performance is measured based on year-on-year, real improvement of earnings per share ("EPS"). Normally, no incentives are measured against budgets, but compared to the preceding year's actual operating results. The performance improvement compared to last year's actual, which is required to achieve maximum bonus, varies for different entities throughout the Group.

Provided that the applicable performance criteria are met, the yearly bonus will be determined at the outset of 2012 and be payable by (i) 2/3 in cash at the outset of 2013 and (ii) 1/3 in shares of series B (the "Bonus Shares") at the outset of 2014. The number of shares to which each participant will be entitled

shall be determined by the ratio between the available bonus and the share price at the time of determination of the bonus. Distribution of Bonus Shares in accordance with (ii) is subject to the following two conditions: (1) if the total accrued bonus amounts to less than EUR 3,900, the whole bonus will be paid out in cash in accordance with (i) above, and (2) the employee must remain employed by Securitas as of the last day of February 2014, except where an employee has left his/her employment due to retirement, death or long-term disability, in which case the employee shall have a continued right to receive Bonus Shares.

Prior to the distribution of Bonus Shares, the employee will not be awarded any shareholder rights (e.g. voting rights or rights to dividend) connected to the Bonus Shares. At distribution of the Bonus Shares, the employee shall however be entitled to additional shares up to a value corresponding to any dividend decided per share corresponding to the total number of Bonus Shares during the period from payment of the cash bonus until distribution of the Bonus Shares. The Board shall be entitled to resolve on a reduction of the distribution of Bonus Shares if distribution in accordance with the above conditions – considering Securitas' result and financial position, other circumstances regarding the group's development and the conditions on the stock market – would be clearly unreasonable. Participation in the Incentive Scheme presumes that such participation is lawful and that such participation in Securitas' opinion can take place with reasonable administrative costs and economic efforts. The Board shall however be entitled to implement an alternative incentive solution for employees in such countries where participation in the Incentive Plan is not advisable, which alternative solution shall, as far as practically possible, correspond to the terms of the Incentive Scheme.

The Board shall be responsible for the particulars and the handling of the Incentive Scheme within the frame of the above principal guidelines and shall also be entitled to make such minor adjustments which may prove necessary due to legal or administrative circumstances.

(b) Hedging Measures

In order to enable the delivery of Bonus Shares in accordance with the Incentive Scheme, the Board of Directors proposes that the AGM, similar to previous years, approves the hedging of the delivery of the shares to the employees by Securitas entering into a share swap agreement with a third party, whereby the third party in its own name shall acquire and transfer shares in the company to employees participating in the scheme. The cost for the swap are estimated not to exceed 0,3 per cent on the share purchase cost which would correspond to SEK 372 000 assuming a purchase of 2 000 000 shares at SEK 62.

Resolutions and voting majority

The proposals according to (a) and (b) above shall be adopted as one single resolution and must be supported by shareholders representing more than half of the votes cast, or, in case of equal voting, by the opinion supported by the Chairman of the AGM.

Effect on important key ratios

The number of shares in Securitas AB amounts to 365,058,897. The Incentive Scheme may lead to acquisition of a maximum of 2 000 000 shares, which is equivalent to 0.55 per cent of the total number of outstanding shares and 0.38 per cent of the total number of votes in Securitas. In view of the proposed swap agreement, there will be no impact on the earnings per share, other than the increased costs that the Incentive Scheme could cause.

The following documentation will be available at the company and on the company website www.securitas.com/agm2012 at the latest as from 16 April 2012 and will also be available at the AGM: (i) the accounting material and the Auditor's Report, including the Board's proposal for guidelines for remuneration to management, (ii) the statement of the auditor on the compliance of the guidelines for remuneration to management applicable since the last AGM, (iii) the complete proposal by the Board with respect to appropriation of profit and the Board's motivated statement thereon, and (iv) the complete proposal of the Board with respect to the Incentive Scheme.
