We can offer an intelligent integrated analogue IP system.

Our company have the capacity to remotely monitor the CCTV footage from our 24-hour centre.

This is a cost-effective security add-on which can greatly enhance the overall security system.

We can install PIR sensors which, once triggered, transmit live footage to our trained centre operators who can challenge the intruders through an audio response or inform the authorities immediately of the

We use the most up to date Data Systems from single domestic cameras to high end IP integrated systems. To ensure we carry the correct product for each job we undertake, we use a wide range of equipment manufacturers, to guarantee a product 'fit for your needs'.
